

Scratch Workshop 2018

Code to Learn, Learn to code!

Introduction

- Introduction the Scratch way! :) - <https://scratch.mit.edu/projects/215984658/>

So let's begin with..

- What's programming
- Setting up Scratch
- Exploring scratch work area
- Create, run and save your own first project using basic blocks!

What's Programming?

- What are computers and where do we see computers around ?
- Why computer science?
 - https://www.youtube.com/watch?time_continue=56&v=QvyTEx1wyOY
- What is coding - algorithms and programs ?
-
- What is Scratch?
- <https://vimeo.com/65583694#at=2>

Some more details on scratch:

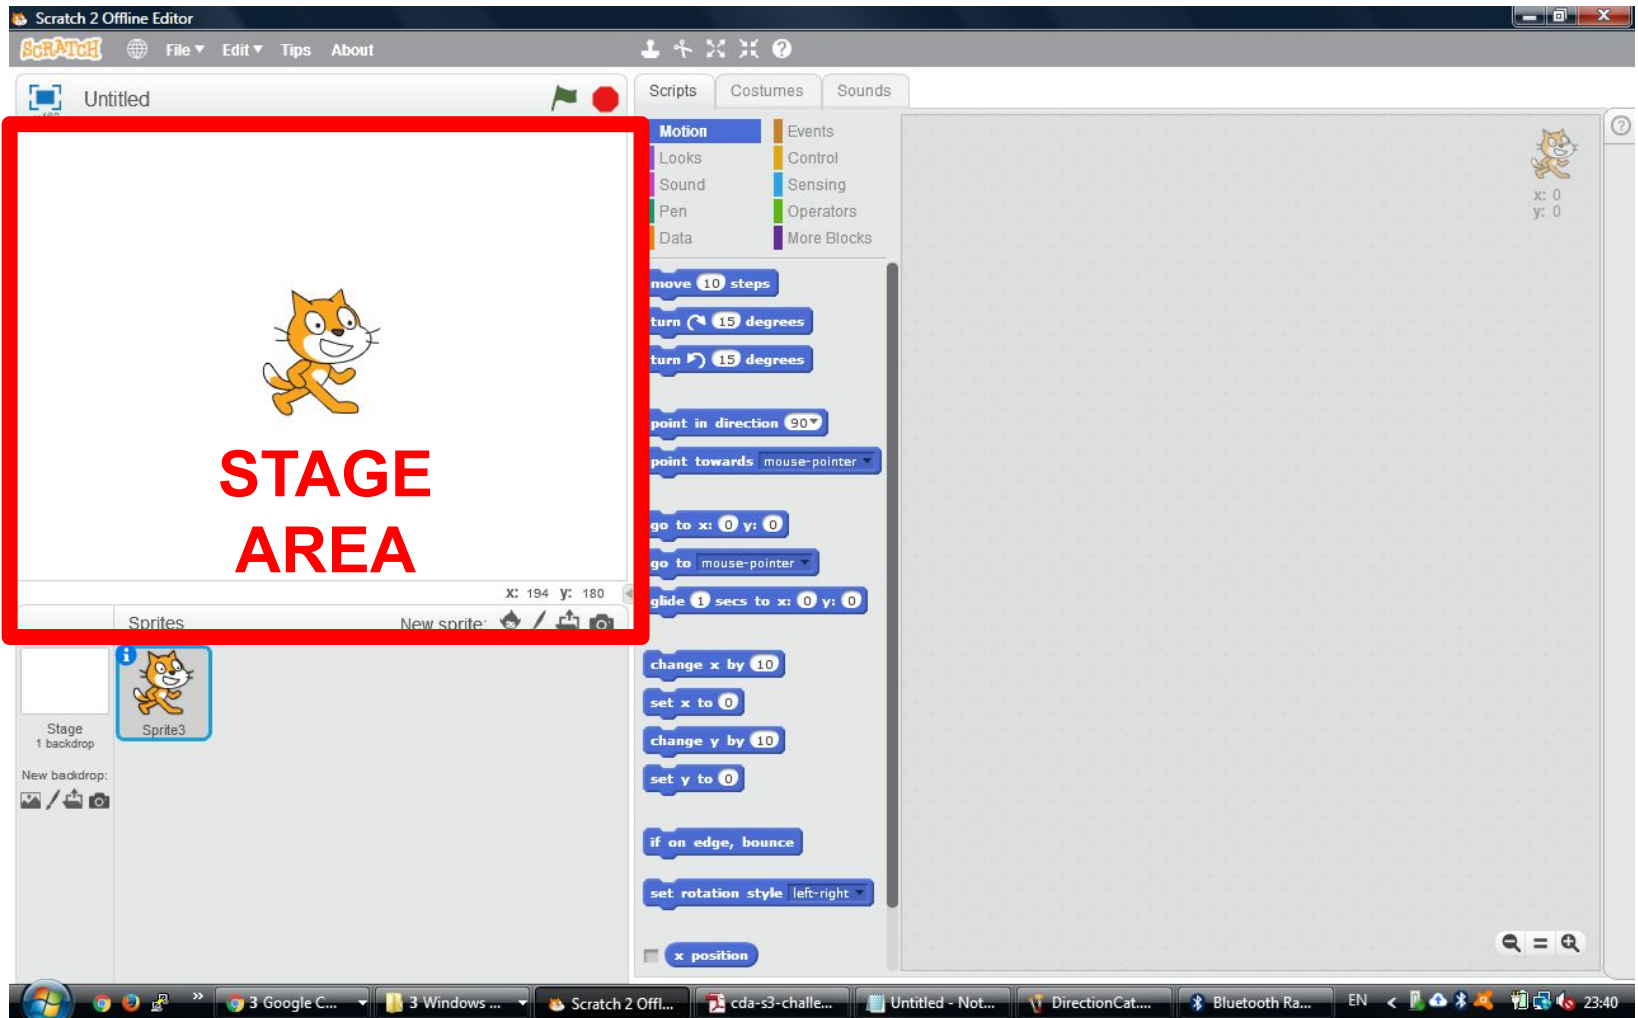

- https://www.youtube.com/watch?v=_q2RgQMc96k
-

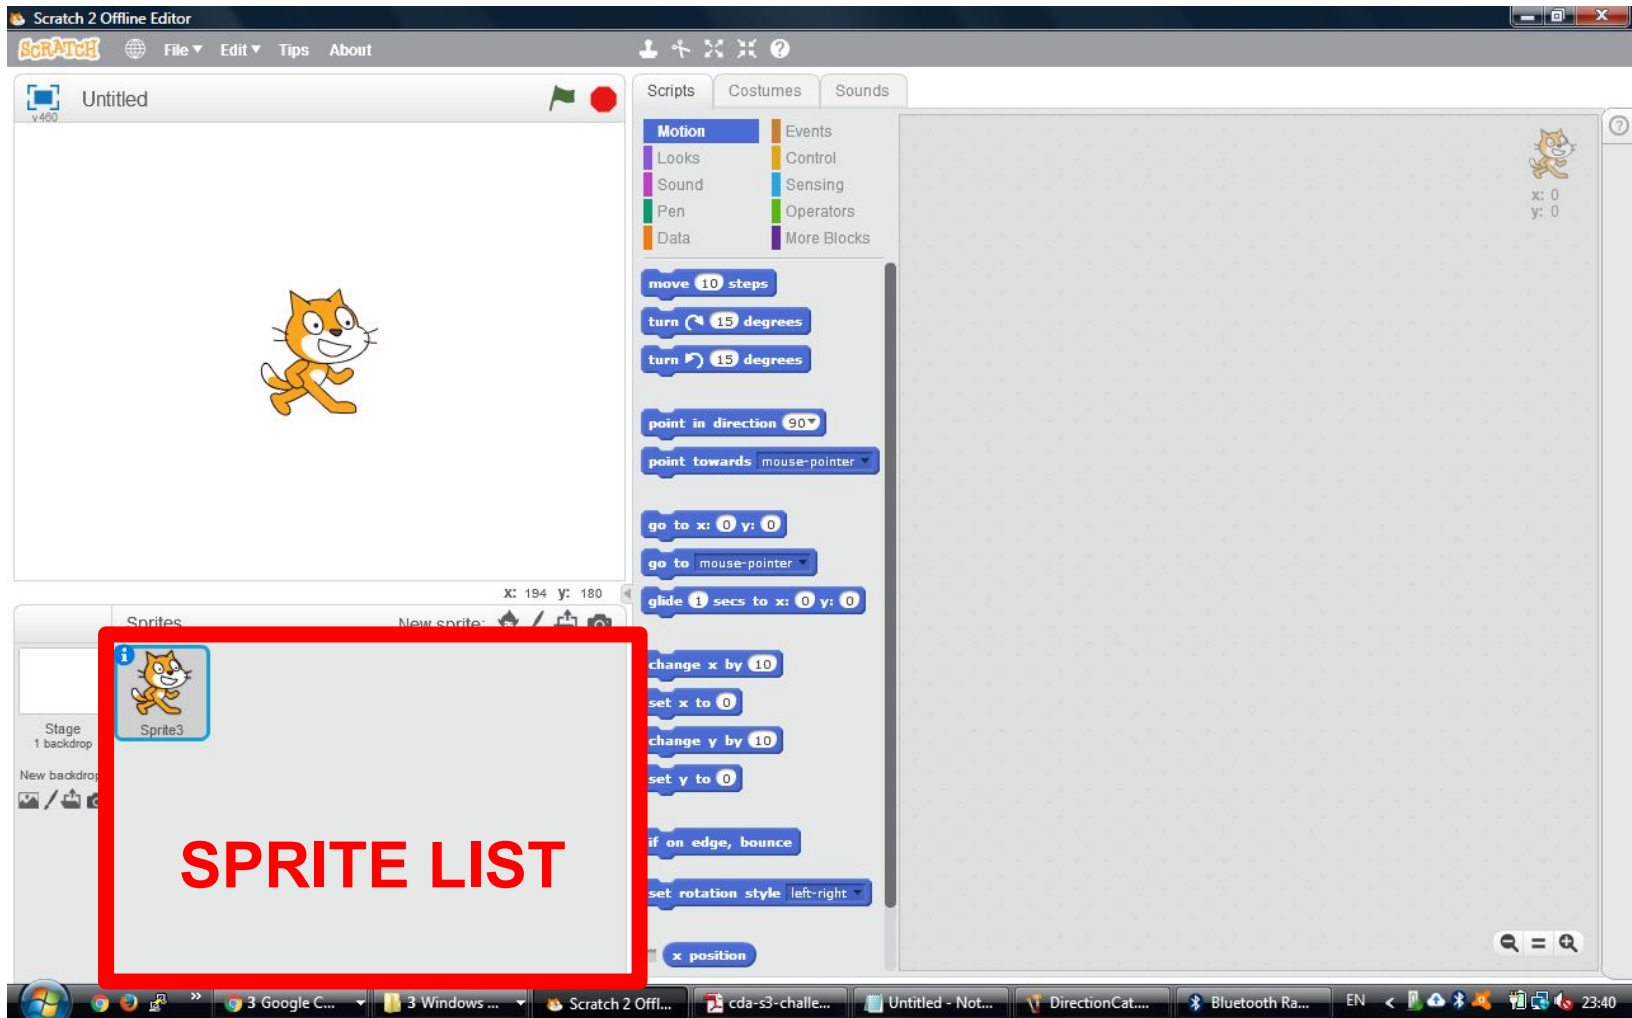

Setting up Scratch

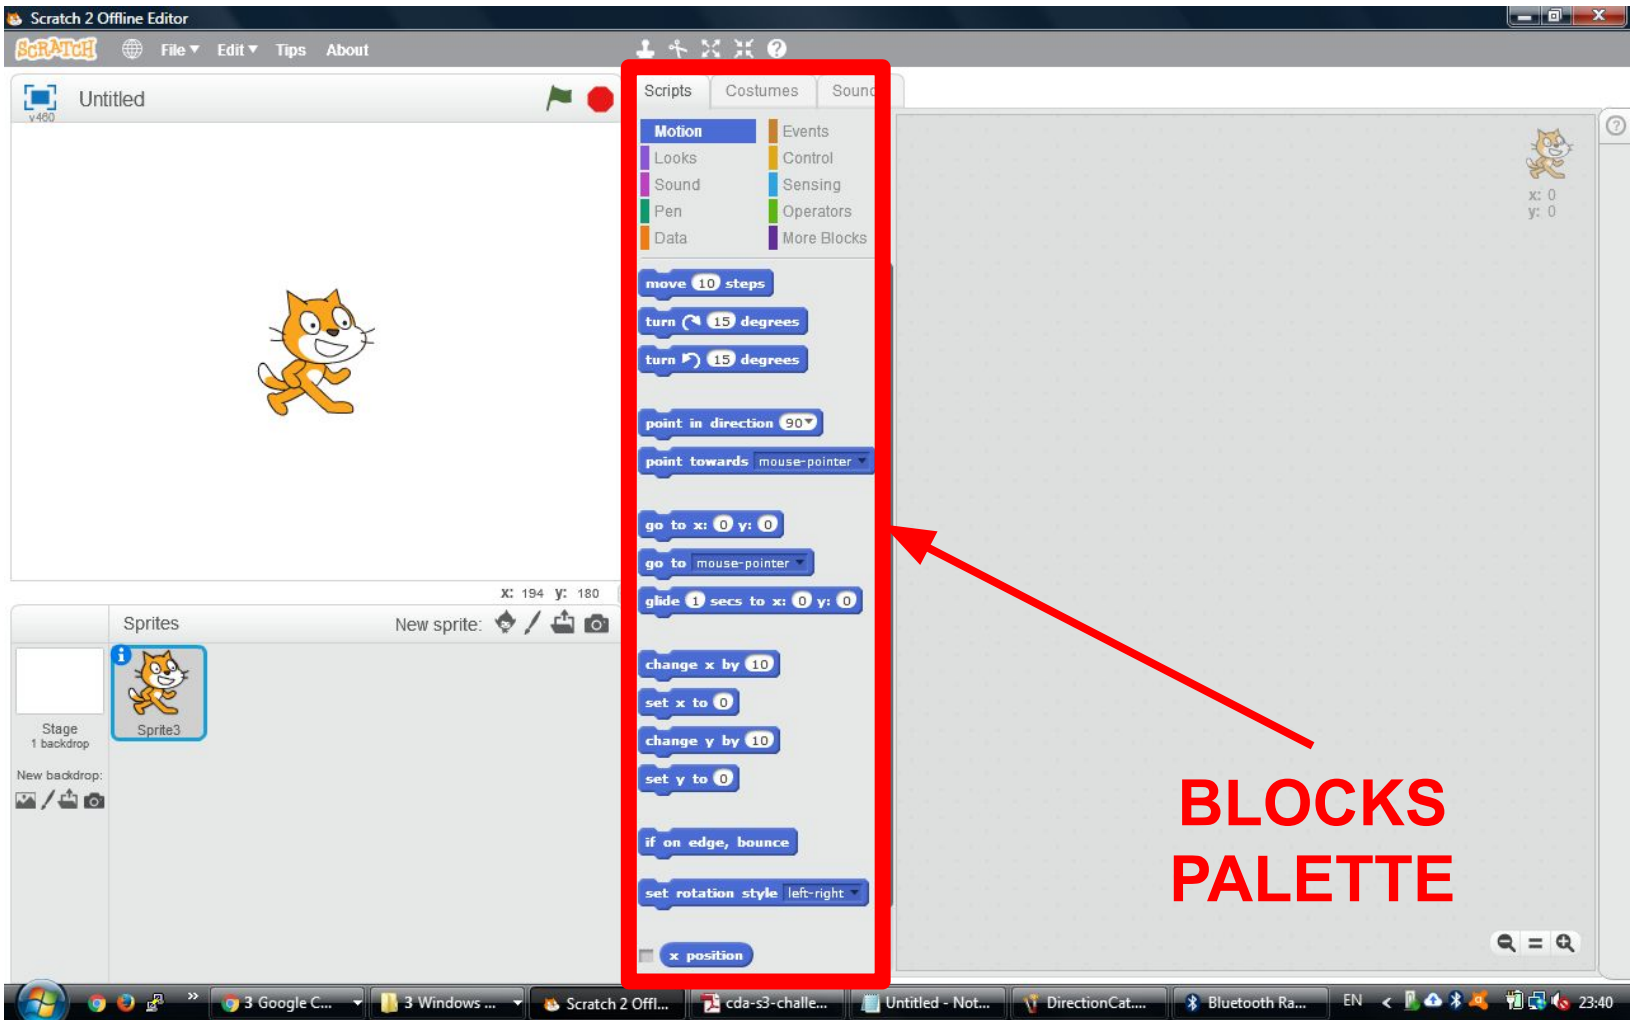

- Make a folder on your computer
- Connect to internet
- Create an student account on Scratch

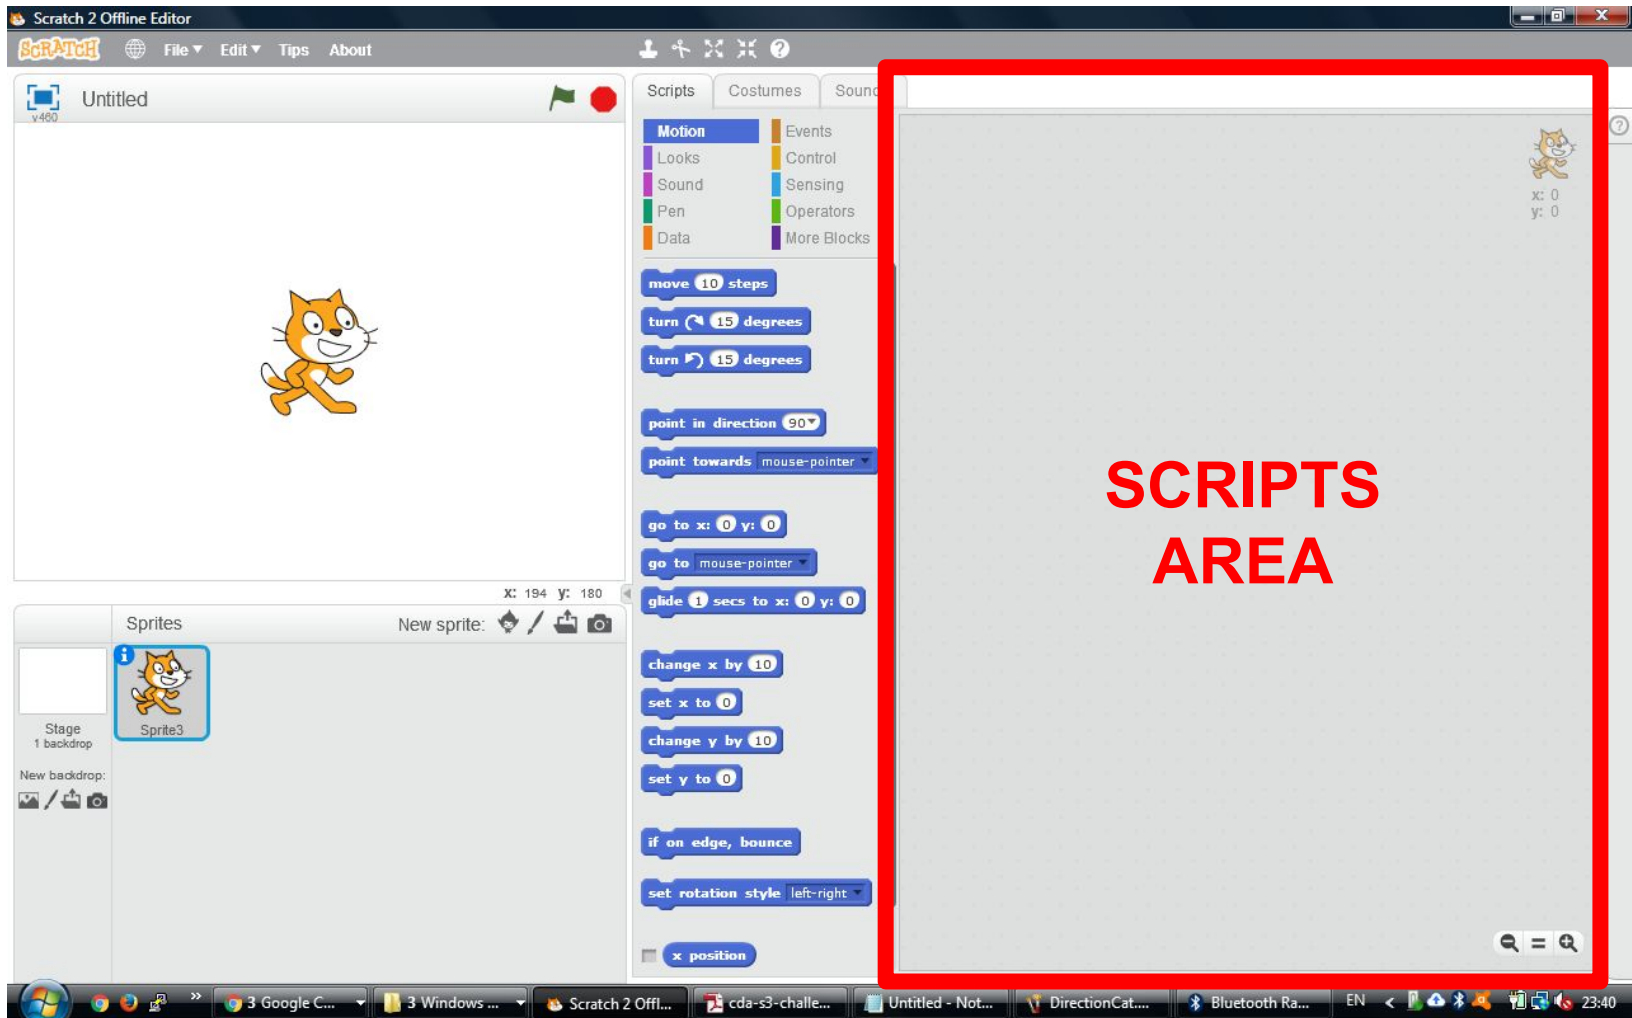

<http://scratch.mit.edu/classes/104222/register/468deaba91424a07bba42961abdfccac>

- Login with student account - <https://scratch.mit.edu/>
- Download Scratch offline editor
- Working offline
- Projects

Scratch 2 Offline Editor

Scratch File Edit Tips About

Other Operators

Scripts Costumes Sounds

- Looks
- Sound
- Pen
- Data
- Control
- Sensing
- Operators
- More Blocks

move 10 steps

turn 15 degrees

turn 15 degrees

point in direction 90

point towards mouse-pointer

go to x: 0 y: 0

go to mouse-pointer

glide 1 secs to x: 0 y: 0

change x by 10

set x to 0

change y by 10

set y to 0

if on edge, bounce

set rotation style left-right

x position

Sprites

New sprite: [cat icon] [image icon] [camera icon]

Stage
1 backdrop

New backdrop: [image icon] [image icon] [camera icon]

Sprite3

x: 194 y: 180

23:40

Basic Blocks explored

Create, run and save !

Learn more about

- Motion
- Looks
- Sound
- Pen

Motion basics!

- Related to movement of sprite
- They deal with
 - Position
 - Directions

Looks!

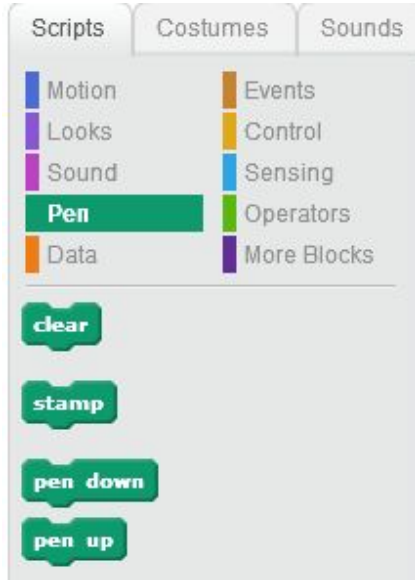

- Appearance of sprite and stage
- Can apply graphic effects too
- Try out Say and Think block!

Sound!

- Playing various sounds or notes
- Add new tune from library
- Change volume
- Record and have fun!

Pen!

- Draw line according to sprites movement
- Turning on and off
- Stamping sprite
- Adjusting its appearance

My first project !

- Make the cat move in such a way that it:
 - Moves 10, 50 and 100 steps and says (say and play sound) “Meow” after every set of steps
 - Makes a square
 - Makes a pentagon
 - Makes a hexagon
 - Makes a heptagon
 - Makes an octagon - change color of pen for each side
 - Makes a nonagon
 - Makes a Decagon - change thickness for each side!
- Challenge :
 - Draw a Star to be one!!

Don't forget to save!

Questions feedback

- We learnt :
 - What's programming
 - Setting up Scratch
 - Exploring scratch work area
 - Create, run and save your own first project using basic blocks!
- Did you enjoy ?
- What was best part ?
- Can you think of something you can make with these new blocks?
